10:10 **Mobile Technology – So Many Tools, So Little Time**
Chris Bradshaw, Bradshaw Consulting Services (BCS)

In the ever-changing world of Mobile Technology, it's often difficult to navigate through the latest trends and determine what's useful. From hardware platform choices and peripherals to the latest software and interface choices, how do you make a decision on what's right for you? The answer may be different for every organization. Let's take a closer look at what's available, what it can do for you, and what's coming next.

Chris is the VP of Marketing at Bradshaw Consulting Services in Aiken, SC. He has spent twenty-two years working in the CAD/GIS/Surveying market with the last 12 of those years devoted to Mobile GIS software/hardware integration and training. During those twelve years, the Mobile Technologies Department at BCS has been recognized by both Trimble and Esri as Partner of the Year. They have also been the recipient of the Trimble Outstanding Sales Award and the Trimble Enterprise Solutions Award. Most recently, he has taken on the responsibility of heading up all marketing efforts for BCS.
