

Pee Dee GIS User Group Meeting

Wednesday, August 20, 2014

Florence County Doctors Bruce and Lee Foundation Library

509 South Dargan Street

Florence, SC 29501

AGENDA

10:00 **Welcome** - Approval of May 21, 2014 Minutes

10:10 **Creating a Python Add-In**
Wes Miller, City of Florence

An informative demo on how to extend ArcMap functionality with python add-ins.

Wes Miller is the City of Florence GIS Administrator and an ESRI Certified Desktop Associate

11:00 **Break**

11:15 **Membership Update, Financial Report and Discussion**

11:45 **Lunch Break** – *Lasagna, Salad and Rolls catered by Stefano's*

12:00 **Using ArcGIS Online**
A Practical Aerial LiDAR Example
A Little Bit about Drones
Thad Wester, Sandhill Telephone Cooperative (Chesterfield County)

Thad has three special topics to share with us. He will first talk about how Sandhill Telephone is using ArcGIS Online, then he will give a brief practical example of using Aerial LiDAR data to determine water runoff across property lines, and finally he will talk a little bit about his interest and work with drones for mapping.

Thad Wester manages mapping at Sandhill Telephone Cooperative in Chesterfield County. In his spare time he writes on his website, ThadWester.com

12:50 **Closing Comments and Door Prizes**

Save the Date

Pee Dee GIS User Group Final meeting for 2014 on Wednesday, November 19, 2014
